

CLEAR epitomizes the contemporary reduction of shape in a shallow streamlined luminaire profile. Using high-quality aluminum and matte acrylic, **CLEAR** becomes a complete design element unto itself in modern interior settings. The family of round luminaires includes four diameters ranging from 13" to 34" to satisfy a variety of scale requirements. Mounting may be surface application on walls or ceilings, or gracefully suspended as a pendant luminaire. Models of different sizes and mounting styles may be mixed or matched to complement a wide variety of interior architectural applications.

FEATURES

- Decorative luminaire in four diameters
- Shallow profile of only 3.5"
- Matte acrylic lens
- Direct diffuse distribution with 8% uplight for accenting

DIAMETERS

13.4" | 17.7" | 24.6" | 33.5"

MOUNTING

Ceiling | Wall | Pendant

COLOR TEMPERATURES

3000K | 4000K

CLEAR Surface Mount

The surface mount **CLEAR** is available in four diameters ranging from 13" to 33.5", all with a shallow profile of only 3.5". The lens is matte acrylic to provide diffuse illumination with visual comfort. A clear acrylic lens on the top of the shade provides uplight to produce a distinctive corona on the surface surrounding the luminaire.

CLEAR Pendant

CLEAR pendant luminaires score points for its minimalist shape and use of unobtrusive materials. Stainless steel aircraft cable suspends the luminaire, providing a light airy installation appearance. The clear acrylic lens on the top of the shade provides 8% uplight to accent the ceiling above.
